Kirjeldus

STYLE. AIRFLOW. PERFORMANCE.XPG STARKER AIR BTF is the ultimate ATX PC case, crafted for extreme gamers seeking top-tier performance and design. It supports both standard E-ATX motherboards and ATX reverse-connector motherboards, offering versatility for various build configurations. With room for 360mm radiators and up to 12x 120mm fans, it ensures superior airflow and ventilation, keeping high-end components cool during intense gaming sessions. This PC case is built for those who demand both exceptional functionality and bold, cutting-edge design in their setups.

Unparalleled Craftsmanship & StyleBask in the exceptional craftsmanship of STARKER AIR BTF. Featuring a premium steel front panel with a dynamic carved design that delivers both durability and elegance. The finely detailed carving and metallic perforated design not only enhances the case's aesthetic appeal, but also ensures excellent airflow and ventilation for your system. Equipped with a customizable RGB lighting strip, you can easily control and personalize the lighting effects to match your style or setup atmosphere.
