<p>Dell Wired Headset (WH125)</p>

<p>Dell Wired Headset WH125 is a reliable and easy-to-use wired headset designed for everyday communication, online meetings, distance learning, and multimedia use. Its plug-and-play USB-A connectivity enables quick deployment without additional software or configuration, making it an ideal solution for office environments, educational institutions, and home offices.</p>

<p>The headset features a unidirectional boom microphone designed to capture the user's voice clearly while minimizing surrounding noise. The microphone can rotate up to 270 degrees, allowing comfortable use on either the left or right side. Convenient inline controls provide quick access to volume adjustment, microphone mute, and audio controls, helping users stay focused during calls and meetings.</p>

<p>Designed for everyday productivity, the WH125 combines lightweight construction, soft leatherette ear cushions, and broad compatibility with modern operating systems. The adjustable headband and comfortable on-ear design make it suitable for extended use throughout the workday. Backed by Dell's Advanced Exchange Service, the headset offers dependable performance and long-term peace of mind.</p>
